9. UNFINISHED BUSINESS
   a. YEAR-END SOLICITATION LETTER: Peggy submitted a rough draft of a letter to send out requesting money for technology. After discussion it was decided that two letters will be sent: one to last year’s donors acknowledging their generosity last year and another to those who did not donate last year. The letter will also mention that current technology needs are about $12,000.

   b. NEW BATTERY BACK-UP: Peggy Hemerling explained that the cost of the new battery back-up is more expensive than expected because it is not only a backup and surge protector, but will also shut the server down correctly and bring it back up when the power has stabilized.

   c. PROCESSING CLERK WAGES: Peggy explained that it had been her intention to request a raise for the staff person assuming the processing duties at the beginning of the year when Panda Englerth retires. Contrary to information shared at the October meeting, there is money in the budget to cover the expense.

10. NEW BUSINESS
    a. REPLACEMENT OF LED LIGHTS FOR CHILDREN’S AREA: Peggy informed the board that the lighting in the round area of the children’s room has become an issue. The bulbs in the can fixtures burn out so frequently that it is often dim in the area. She requested approval replacing the cans with an LED fixture that will fit into a ceiling tile opening. The project cost will be $650. It was moved by Audrey Burton, supported by John Resseguie that we replace the lights as requested. Motion Approved.

    b. FIREWALL REPLACEMENT: It was moved by Jeff Kniaz, supported by John Resseguie, that we purchase the firewall recommended by our IT person at the cost of $4000. Motion approved.

    c. PROJECT CONSULTANT: Peggy Hemerling and John Resseguie met with IAP Government Services Group for possible consulting and project management for the windows replacement. It was moved by Jeff Kniaz, supported by Sheena Eastman, that they be hired for at least the first four phases of the project. Motion approved.
