# Hastings Public Library Summer Reading 2020!

With support from Hastings Mutual Insurance Company, we are offering a digital version of our reading club using a program called Beanstack. You can sign up for this at our website, [hastingspubliclibrary.org](http://hastingspubliclibrary.org) or download the app.

This is an easy way to track reading, earn digital badges and gain access to extra activities!

This paper version has the same reading goals and participants will still be eligible for the same prizes.

Mark off circles for every 15 minutes read with a final goal of reading 10 hours.

Have fun!
